

**United States Department of Commerce
National Institute of Standards and Technology**

***Demonstrated
Areas of Proficiency**

Mass

Echelon II
10 kg - 1 mg
Echelon III
25 kg - 1 mg
5000 lb - 0.001 lb
4 oz - 0.03125 oz

Volume

Volume transfer
300 gal - 1 pt
1 L - 10 mL

Frequency

Tuning forks
 ≤ 100 mph

Stopwatches

Grain Moisture

$\leq 25\%$

Conditional Status

*Improvements to the laboratory
facility are needed.*

~ Certificate of Measurement Traceability ~
for

Colorado

**a participant in the NIST Weights and Measures
Measurement Assurance Program for the Year(s)**

2006

**The State standards are traceable to NIST and the laboratory
has *conditionally* demonstrated* measurement proficiency
through training and interlaboratory comparisons.**

Georgia L. Harris
for the National Institute of Standards and Technology

Laboratory Metrology, Group Leader, Weights and Measures Division
Title

December 27, 2005
Effective Date
